A red circular logo with the text "Poland" in a large, white, cursive font and "tastes good" in a smaller, white, cursive font below it.

Poland
tastes good

NATIONAL SUPPORT CENTRE FOR AGRICULTURE

(KOWR) is a state-owned institution supervised by the Ministry of Agriculture and Rural Development. It was established to support agri-food producers and exporters and the development of innovative agriculture, as well as to improve the quality of life in rural areas. The role of the KOWR is to build a positive image and recognition of Polish agri-food products abroad under the slogan "POLAND TASTES GOOD." The KOWR supports Polish entrepreneurs in the agri-food industry in their efforts to expand into new markets by organizing trade missions and national stands at food trade fairs abroad.

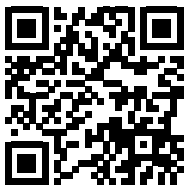

A red circle containing the slogan "Poland tastes good" in a white, cursive font. The background of the page features stylized green hills in various shades of green, with the red circle positioned on the left side.

ANTONIUS CAVIAR

ANTONIUS CAVIAR is a Polish caviar brand created by GOSŁAWICE fish farm, a well-established family company with 50 years of experience in fish farming. We are currently the leading sturgeon breeder in the world, the biggest caviar producer in Europe and the second one worldwide. Antonius Caviar offers the best quality caviar of unique and remarkable taste, deriving from optimal breeding conditions, non-urbanized environment and crystal-clear waters, as well as from our commitment to the traditional keeping methods and attention paid to the quality of the final product. In the caviar production we use only female sturgeons from our own breeding farms.

MASPEX

MASPEX is the largest Polish private company in the food industry and one of the largest ones in Central and Eastern Europe. The B2B sales department is responsible for cooperation with institutional customers from Poland as well as foreign companies. Our customers include international food corporations, leading yoghurt producers and companies from the confectionery and convenience sectors. When working with business customers, we try to adjust our offer to their needs as precisely as possible or to create products according to the special requirements of specific contractors. Maspex uses state-of-the-art production technologies. As a result, our products are distinguished by their excellent quality, which is achieved thanks to the best raw materials, high-class technology, as well as experienced and highly-qualified employees. As the B2B department we offer sugar conclusions for international manufacturers of chocolate, yoghurt and ice cream. We offer sugar candy beans, decorative sugar, coated extrusion, extrusion and fruit powders.

MILLANO

Established over forty years ago, Millano is a Polish company specializing in creating unique chocolate products. Thanks to its owner, who was passionate about making the taste perfect and introducing innovative approaches to chocolate production, Millano became one of the leading manufacturers on the market. Today, the company owns two plants with annual capacity production of 40,000 tons. The production process uses state-of-the-art technologies, which guarantee the highest quality, confirmed with relevant certificates. Millano exports its products worldwide and is trusted by major retail chains, both in Poland and abroad. Its unique products, sold under brands owned by Millano or customers' private labels, are gaining recognition among consumers in more and more countries, and their high quality is confirmed by the growing interest of clients around the world.

OSM ŁOWICZ

OSM Łowicz has been producing dairy products for generations. The characteristic Łowicz woman, visible in the brand's logotype, is recognizable on store shelves all over Poland and in over 74 countries around the world. The cooperative processes over 500 million liters of milk obtained from 2500 family farms. Łowicz constantly invests in modern production lines and technologies. The company's offer includes UHT milk and creams, cheese, fermented products and milk powders. The wide offer allows us to export our products to large retail chains, dairy wholesalers and the HORECA segment. OSM Łowicz is a company with strong market position and a reliable business partner.

PIEDMONT COOKIES

Piedmont Cookies has been present on the market since 1998. In our modern plant in Proszówki near Bochnia, we bake various types of shortbread cookies according to our proven recipe. We specialize in baking shortcrust biscuits and wafer rolls with and without filling. However, our offer is constantly being expanded with new delicacies. In the last dozen or so years, we have expanded our product offer with other confectionery products, including crackers. The main recipients of our products are retail chains and wholesalers. The quality and taste of our products is appreciated not only by our domestic customers, but also foreign ones, as a large part of our production is aimed at export, particularly to Eastern countries.
